

ENHANCED STRATEGIES FOR ELIMINATION OF LYMPHATIC FILARIASIS

1 Mission Mode MDA

MDA Campaign twice a year synchronized with NDD (10th Feb and 10th August)

2 Morbidity Management and Disability Prevention (MMDP)

- Early diagnosis and treatment
- Engagement of medical colleges for strengthening MMDP services

3 Vector Control (Surveillance & Management)

Integrated Vector Control with multi sectoral coordinated efforts

4 High-Level Advocacy

For inter sectoral convergence with allied departments and ministries such as Ministry of water and sanitation, Ministry of Panchayati Raj, Ministry of HRD, Ministry of Urban and Rural Development

5 Innovative Approaches

Leveraging existing digital platforms for LF and explore alternate diagnostics
